

Pad Print UK offers a wide range of the highest quality silicone rubber pads, designed specifically for industrial pad printing applications. Since each product decoration is unique, there are hundreds of different shapes and sizes from which to choose. All are available in various levels of hardness.

Printing pads are produced in a range of hardness, measured in terms of durometer "shore". From softest to hardest: 30 to 35 shore (soft); 40 to 45 shore (medium soft); 50 to 55 shore (medium) and 60 to 65 shore (medium hard); and 70 to 75 shore (hard).

We also specialise in designing and building custom pad assemblies in multiples of the same pad or several different pads, depending on the specifications and application.

## ROUND PADS

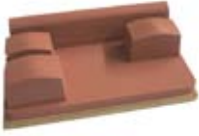

<p>Pad No 1</p> <p>Diameter = 40mm Height = 45mm</p>	<p>Pad No 2</p> <p>Diameter = 82mm Height = 68mm</p>	<p>Pad No 3</p> <p>Diameter = 68mm Height = 58mm</p>	<p>Pad No 7</p> <p>Diameter = 47mm Height = 46mm</p>	<p>Pad No 10</p> <p>Diameter = 34mm Height = 47mm</p>
<p>Pad No 11</p> <p>Diameter = 46mm Height = 60mm</p>	<p>Pad No 13</p> <p>Diameter = 83mm Height = 60mm</p>	<p>Pad No 18</p> <p>Diameter = 136mm Height = 80mm</p>	<p>Pad No 20</p> <p>Diameter = 53mm Height = 77mm</p>	<p>Pad No 24</p> <p>Diameter = 32mm Height = 42mm</p>
<p>Pad No 28</p> <p>Diameter = 79mm Height = 79mm</p>	<p>Pad No 29</p> <p>Diameter = 82mm Height = 68mm</p>	<p>Pad No 33</p> <p>Diameter = 65mm Height = 67mm</p>	<p>Pad No 37</p> <p>Diameter = 83mm Height = 91mm</p>	<p>Pad No 38</p> <p>Diameter = 65mm Height = 65mm</p>
